

# FDA FORM 3500 — MedWatch Adverse Event Report

U.S. Department of Health and Human Services | Food and Drug Administration | OMB No. 0910-0291 Expires: 09-30-2027

|               |                      |                 |                                 |
|---------------|----------------------|-----------------|---------------------------------|
| Report ID:    | FDA-3500-PT-2025-008 | Date of Report: | 10-Jun-2026                     |
| Form Version: | FDA-3500 (09/2025)   | Report Type:    | Voluntary – Health Professional |

## A. PATIENT INFORMATION

|                     |             |                    |                    |
|---------------------|-------------|--------------------|--------------------|
| Patient Identifier: | PT-2025-008 | Full Name (Conf.): | Susan Marie Clarke |
| Date of Birth:      | 14-Jun-1967 | Age:               | 57 year(s)         |
| Sex:                | Female      | Weight:            | 168 lb             |
| Race / Ethnicity:   | White       |                    |                    |

## B. ADVERSE EVENT / PRODUCT PROBLEM

|                 |               |                      |                                |
|-----------------|---------------|----------------------|--------------------------------|
| Type of Report: | Adverse Event | Outcome:             | Disability or Permanent Damage |
| Date of Event:  | 15-Feb-2025   | Date of This Report: | 10-Jun-2025                    |

### Describe Event / Problem / Product Use Error (B.5)

Pulmonary fibrosis detected on high-resolution CT scan after 14 months of treatment. Persistent dry cough and progressive dyspnea reported for 3 months prior to imaging.

### Other Relevant History / Preexisting Medical Conditions (B.7)

Cumulative bleomycin dose exceeded 400 units. Non-smoker. Prior radiation to chest.

## B.6 RELEVANT TEST / LABORATORY DATA

| Test / Parameter | Result | Low Ref | High Ref | Unit        | Date        |
|------------------|--------|---------|----------|-------------|-------------|
| FVC              | 52     | 80      | 120      | % predicted | 20-Feb-2025 |
| DLCO             | 38     | 75      | 120      | % predicted | 20-Feb-2025 |

## C. PRODUCT AVAILABILITY

|                                   |    |                     |    |
|-----------------------------------|----|---------------------|----|
| Product Available for Evaluation? | No | Picture of Product? | No |
|-----------------------------------|----|---------------------|----|

## D. SUSPECT PRODUCT #1

|                          |                          |                                 |               |
|--------------------------|--------------------------|---------------------------------|---------------|
| Product Name:            | Bleomycin 15 Units       | NDC / Unique ID:                | 00703-3069-01 |
| Manufacturer:            | Teva Pharmaceuticals     | Lot #:                          | TV20240619    |
| Dose / Amount:           | 15 units                 | Frequency:                      | Weekly        |
| Route:                   | Intravenous              | Diagnosis (Indication):         | Breast cancer |
| Therapy Start Date:      | 01-Jan-2024              | Therapy Stop Date:              | 15-Feb-2025   |
| Event Abated After Stop? | Yes                      | Event Reappeared After Reintro? | No            |
| Product Type:            | Drug or Biologic – Brand | Ongoing Therapy?                | No            |

## E. SUSPECT MEDICAL DEVICE

|                            |                            |                          |     |
|----------------------------|----------------------------|--------------------------|-----|
| <b>Brand Name:</b>         | N/A – Drug/Biologic Report |                          |     |
| <b>Operator of Device:</b> | N/A                        | <b>Device Implanted:</b> | N/A |

## F. OTHER (CONCOMITANT) MEDICAL PRODUCTS

| # | Product Name                 | Therapy Start | Therapy End |
|---|------------------------------|---------------|-------------|
